Objective

I am an IT undergraduate. Currently self-studying mobile app development using Flutter and Swift while an undergrad. Additionally, I hone my skills in UI/UX design with Figma. I am actively working on several small projects that combine these technologies, allowing me to apply my knowledge and develop practical experience in mobile application development and design.

Menerigamage Chamuditha Kavishan Perera

Date of Birth:
05.11.2001

NIC No:
200131000492

Address
No 83, Galle Road,
Kalutara North, Sri Lanka

Civil Status
Unmarried

Skills

Technical Skills:

Soft Skills:

Experience

- 2024/Jun - present**
UI/UX Designer @ Web99x
I have been working as a remote UI/UX developer at Web99x since June 2024. In this role, I focus on designing intuitive, visually appealing interfaces and enhancing user experiences through user-centered design and collaboration.
- 2021 - present**
Freelance Graphic Designer
- 2021/Dec - 2022/Jun (06 months)**
Bank Trainee @ Peoples' Bank
From December 2021 to June 2022, I trained in the Import Bills Section at People's Bank, processing import documents and ensuring regulatory compliance.

Projects

- Chalo Traveller Website Theme Update and Redevelopment**
Role: WordPress Developer
Changed the theme and redeveloped the Chalo Traveller website using WordPress to enhance its aesthetics, functionality, and user engagement.
Website Link: <https://chalotraveller.com/>
- Smile Migraine App Design and Development**
Role: UI/UX Designer and Mobile App Developer
Designed the user interface for the Smile Migraine app using Figma, focusing on user-friendly interactions and visually appealing layouts. Developed the mobile app using Dart with the Flutter framework to ensure cross-platform compatibility and smooth performance.
Figma UI Link: <https://shorturl.at/teP88>
App Link:
- Serendib Travel Official Website Design and Development**
Role: UI/UX Designer & Web Developer
Created the initial design for the Serendib Travel official website using Figma, focusing on an intuitive user interface and seamless navigation. Developed the website using WordPress, ensuring responsiveness and optimized performance.
Figma UI Link: <https://shorturl.at/dKNAF>
Website Link: <https://travel2.web99x.com/>
- Migraine Foundation Website UI Design**
Role: UI/UX Designer
Developed the user interface design for the Migraine Foundation website using Figma. Focused on creating a clean, accessible, and engaging design to enhance user experience and convey essential information effectively.
Figma UI Link: <https://shorturl.at/KdOdF>
- SL Teach Company System UI Design**
Role: UI/UX Designer
Designed the user interface for the SL Teach Company System, focusing on a clean, intuitive layout to improve user interaction and streamline system workflows..
